Let the VOTING begin!

The Moab Delicate Stitchers Quilt Guild presents "Portals"

The Delicate Stitchers Quilt Guild was formed in 1998 by women who realized there were a great many quilters in the Moab area, and who also recognized the need for an organized group that would foster this historic fiber art form.

This is the 16th annual themed quilt challenge. This year's challenge theme, "Portals", provides a myriad of possibilities for interpretation.

We ask viewers to vote for their favorite quilt.

Enjoy the show NOW through June 30.

landscapes of the Colorado Plateau to the Fran and Terby Barnes Gallery for the month of June.

In Canyon Country, every change of light presents amazing views which flow through Serena onto her canvas in a brilliant interpretation of color, space, time, and emotion. Serena loves to paint outdoors on location, plein air. Her work has appeared in more than 50 one-woman shows throughout the Southwest.

A Tribute to Cold War Patriots

[Cold War Patriots](#) (CWP), a community resource advocacy group that helps nuclear weapons and uranium workers and their families get the recognition, compensation and healthcare they have earned, will take former uranium workers on an historic journey with its Remembrance Quilt Experience. The exhibit highlights the history of the nuclear weapons industry from its inception during the Manhattan Project through the end of the Cold War.

The exhibit, which includes a remembrance quilt and informational presentation, will be in at the Museum of Moab from June 22nd to July 7th.

Cold War Patriots and the Museum of Moab are hosting a celebration for former workers and their families and anyone interested on June 22nd to kick off the exhibit. The free event will include refreshments, speakers and more.

A BIG THANK YOU

goes out to all the MUSEUM VOLUNTEERS!

The work on our storage space and the new paleo lab as been TOP priority for the past month and the results are fantastic.

OPEN HOUSE AND PARTNER SHOWCASE ON MAY 6 WAS A HUGE SUCCESS!

A BIG THANK YOU goes out to everyone who helped make this such a fun day. Greg Nunn was flintknapping in the back parking lot. Tours of our behind the scene collection room and new paleo lab were going on all day. Children were able to play games, throw the atlatl, and everyone could visit with our Moab Partners.

NEW PALEO LAB

At long last the paleo lab is now up and running! With the delivery and installation of the archival storage cabinets we now have functioning storage and work space for processing geological material as it comes in to the collections. On our

Open House day on May 6, volunteer Barb Fincham was able to demonstrate use of the MicroJack aircscribe to visitors as she worked Middle Cambrian trilobites out of shale collected from the West Desert. Special thanks to donors Charles Safris, the David B. Jones Foundation, and Utah Friends of Paleontology for making this lab a reality! Thanks also to Don Hamilton for help

with our storage space!"
